How to Use this Contract

- The entity determines the Mass Transit vehicle they require
- The entity determines which supplier to request from based on the awarded suppliers for that category
- The entity provides the contract number, consults with Supplier for body type, options, or special requirements. Entity receives quote from Supplier based on SWC pricing
- The entity selects the supplier's associated price list, reviews and confirms pricing from quote provided by supplier
- The entity contacts the supplier and provides the contract number for state pricing
- The entity places the order
- NOTE: FTA recipients are ultimately required to ensure FTA compliance. FTA compliance documentation is available

STATEWIDE CONTRACTS

The State Purchasing Division establishes Statewide Contracts (SWCs) for the benefit of both State and Local government entities throughout Georgia. By leveraging the State's purchasing power, SPD establishes competitive statewide contracts for a variety of products, services, and equipment. State and Local governments can benefit from the convenience and competitive pricing of these pre-established contracts. Contracts include commonly used commodities such as office supplies, office furniture, motor vehicles, temporary staffing, building supplies, and many other commodities and services. To learn what goods and services are currently available on statewide contracts, see the relative sections below based on your role.
