

2019 ADA Update

Success in implementing permanent changes depends to a great extent on the quality of the planning process.

Purpose

- Inform the Court of ADA projects that have been finished and/or are in progress

Overview

- The County of El Paso is proactive
- Currently, 19 buildings and 14 parks have been evaluated

Self Assessment Survey “Navigating” Through a Facility

- **Exterior Accessibility**
 - Gaining access to the facility

Examples:

- Parking Spaces
- Passenger Loading Zones
- Sidewalks
- Accessible Routes within a Site
- Accessible Entrances

Self Assessment Survey “Navigating” Through a Facility

- Interior Accessibility
 - Connects the accessible entrance with the program and services.

Examples:

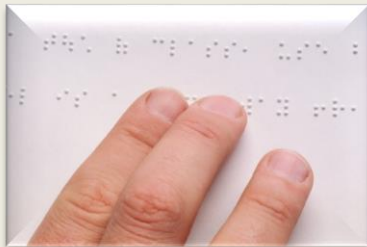

- Hallways
- Corridors
- Interior Rooms and Spaces

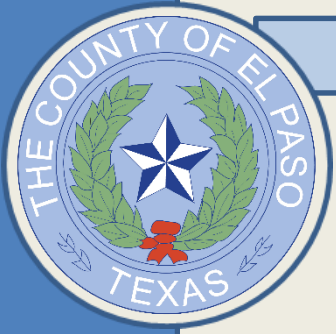

Self Assessment Survey

“Navigating” Through a Facility

- May not deny the benefits of programs, activities, and services, due to inaccessible facilities.
 - Services, programs, or activities must be readily accessible and usable by individuals with disabilities.
 - This applies to new and existing facilities.
 - Not necessarily required to make each existing facility accessible

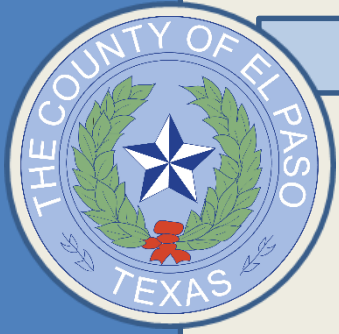

Overview

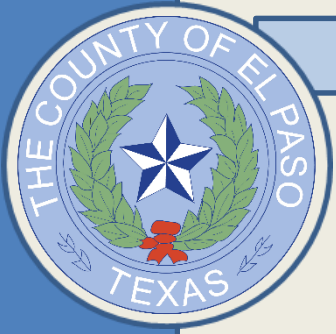

- **Recommendations and Prioritization**
 - Data Analysis
 - Development of Program/Facility Recommendations and Priority System
 - Community Involvement and Outreach

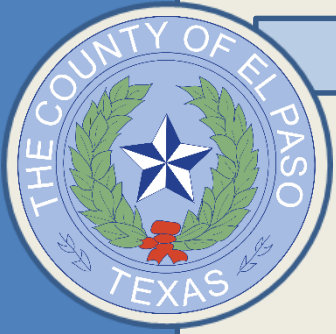

Goals

- Inspect and Evaluate all County Facilities, parks, and programs for compliance with the Texas Accessibility Standards (TAS) and Americans with Disabilities Act (ADA).
- Address grievances

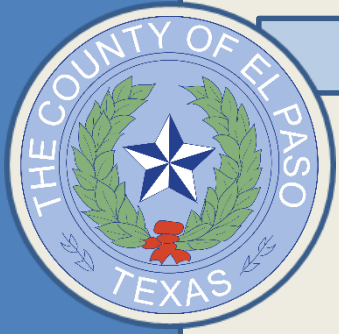

Framework for Action

- Inspect and evaluate approximately 5 facilities and 2 parks per year.
- Write a report for each facility or park outlining where each deficiency is and what the Texas Accessibility Standards (TAS) and Americans with Disabilities Act (ADA) require to be compliant.

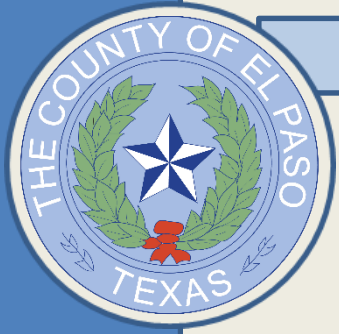

Strategies

- Generate a detailed report on each facility identifying areas out of compliance with the Texas Accessibility Standards and Americans with Disabilities Act.
- Provide recommendations to individual departments and to the County Facilities Department to bring those facilities into compliance.
- Funds utilized from ADA account when possible per the authorization of Public Works

County of El Paso Transition Plan

- Updated Biennially
- Serves as a guide to the County for barrier removal
 - Facilities
 - Parks
 - Programs
- Ensures equal participation for all Americans with disabilities

Accomplishments

- 19 buildings have been inspected for compliance and reports have been issued.
- 9 buildings have been corrected, partially corrected, or are in the process of being corrected

Accomplishments

- 14 parks have been inspected for compliance and reports have been issued.
- 7 parks have been corrected, partially corrected or are in the process of being corrected
- Training for all new employees and continued training for existing employees.

Cost
