## Solution

We've assessed your information and developed an AT&T Dedicated Internet (ADI) solution that addresses your business needs. The solution includes the following components:

- AT&T Dedicated Internet is an internet access service that combines a symmetrical, dedicated connection with symmetrical bandwidth (same download and upload speeds) and provides reliable, high-performance connectivity. AT&T Dedicated Internet includes maintenance of the communications link between service locations and the AT&T network.

**AT&T Dedicated Internet: Configuration Example**—This illustration shows the basic ADI configuration.

The solution gives you the following features:

- **Reliable Service**—starts with proactive monitoring of our nationwide backbone along with a network architecture that features redundant routers, switches, and power supplies. As a result, we can reroute traffic around outages and restore service almost instantaneously. This increases reliability and helps ensure that your internet traffic gets through.

- Enterprise-Class Support—includes 24x7 expert technical assistance, and we back our service with strong Service Level Agreements (SLAs) and provisioning intervals. This means that you can count on our support and service.
- ADI with Customer-Managed Router Option—lets you provide and manage your own router for ADI while AT&T provides the managed internet access. So, you have flexibility to choose the level of service you need.

## Pricing

The AT&T Dedicated Internet (ADI) solution includes the following components and pricing (note: NRC = non-recurring charge and MRC = monthly recurring charge):

Pricing Summary: DIR Pricing									
AT&T Dedicated Internet									
Street Address	City	State	Zip	Speed	Quantity	Unit Price (MRC)	Total MRC	NRC	
800 E Overland Ave	El Paso	TX	79901	1G	1	\$ 1,899.57	\$ 1,899.57	\$5,600.00	
<b>24-Month Commitment:</b>							<b>\$ 45,589.68</b>		
MRC = Monthly Recurring Charges before taxes and fees.									

Pricing provided above is based on the State of Texas Department of Information Resources (DIR) **Contract Name: DIR-TEX-AN-NG-CTSA-005**, which is the contract that specifically covers Managed Internet Services (MIS/ADI).

The Non-Recurring Charge (NRC) will be waived upon completion of the 24-month services agreement.

Pricing does not include Taxes, Municipal Charges or Regulatory Fees. Additional charges may apply based on service design.

Proposed solution is for a customer-provided/managed router.
