**RE: Ecitation writers** 

## Good morning,

If the cost of the e-citations increased from the original \$13,743.45, you would need to place an agenda item prior to purchase to get the amended amount approved. Thank you.

Sincerely,

Mackenzie McLaughlin Budget Analyst, Intermediate Budget & Fiscal Policy Department (915)546-2262 Ext: 3226

Good Afternoon Mackenzie,

The initial quote given for the E-Citations was \$13, 743.45, which is what we requested. When we were going to place the order, ITD was involved, and it was determined additional software was needed to make them functional. The additional charges are coming from Software costs and Tyler Services. Attached is the last quote we received from Tyler.

Respectfully,
Oscar Ugarte MPO, MCJ

## Good morning,

I am reviewing the special revenue accounts and have a question on the e-citation writers. As per my records you were only approved for 5 for a total cost of \$13,743.45. I'm not sure what was requested, could you please clarify (was this entered along with another JP)? It should not exceed the quantity or the total. It is PO# 22007523. Thank you!
