May 7, 2022

To El Paso County:

On behalf of the Governor of Texas, the Quality Texas Foundation Regional Program (TX, PR, MO, KS, LA, OK) and the Board of Directors, it is indeed my privilege to issue you this Commitment Level recognition for Performance Excellence as acknowledgement of your improving organization and devoted service to your residents and your community. Please accept this recognition as a token highlighting your commitment to excellence in your field.

Your dedication and commitment to continuous improvement by completion of the Malcolm Baldrige Framework is remarkable. It is the recommendation of the Board of Directors that you actively compete at the Progress Level next year.

This recognition reflects your commitment to leadership, strategic planning, customer service, appropriate measures, workforce engagement, and operational excellence. Your willingness to undertake the task of completing an honest twenty-page document and accepting the feedback for improvements stands alone and above from entities in our region.

Please accept our deepest appreciation for your dedication to your community and serving as a role model for others.

A handwritten signature in cursive script that reads "Mac McGuire".

Dr. Mac McGuire
CEO, Quality Texas Foundation
