

Logikcull Solution Proposal
Presented: August 8, 2022

State & Local Governments...

You're in great company

"Logikcull is very user friendly. I was able to get the basics down in under an hour and have been using the program independently since. It makes a great deal of difference in getting through large files more quickly."

Lesa Marks

Investigator, Maryland Office of the Inspector General

For more testimonials, see our reviews on G2, Capterra, Software Advice and Gartner Peer Reviews, where Logikcull is top-rated.

What we've heard from you...

	Current State	With Logikcull	ROI/Impact
Document Review	Manual - 350/500 pages/hr	Thousands of pages filtered and reviewed/hr	TBD - Likely saving up to 80% of time.
Audio/Video Review	Manual - Stress and time to watch each video	Instant via transcribed keyword search	90+% time savings, reduced impact
Man Hours / Manual Review	Manual - 1TB of data = 3.5M Documents = 7,000 hours of review	Slice and dice data instantly with filters and power search	Up to 80% time-saving depending upon scope with a 97.3% cull rate

Features with BIG benefits

Feature	Benefit
Drag-n-Drop <i>Anything</i>	Save hours/days waiting on vendors & IT, hundreds of files supported
Instant De-duplication	30-50% data reduction right out of the gate, and 100% defensible
Cloud Uploads	Slack, Google, MS365, Box
Inclusive Email Filtering	Reduce email review by 25-40% by clicking a single button
Automatic OCR	Find text on pictures & scanned documents, including handwriting
Audio/Video Search	Search voicemails, transcripts, depositions, body cameras, drones...
Automatic Priv Detection	Find potentially privilege docs instantly, and prevent priv productions
SimDocs/Near-Dupe	Never miss a smoking gun or priv doc again, see % similar to any doc
Bulk Redaction	One click: redact words, patterns (i.e. SSN, DOB), or entire pages
24/7 Support/Training	With a <5 min response time, get help anywhere, anytime
