AETNA Wellness Award Program

About the Award

Employers apply and complete the award application using data from their most recent 12-month program year.

How we determined your award level

We combined the total points from the multiple choice and open-ended questions to get your total score. Your platinum level award means you're truly leading the way for the health of your employees.

This includes information on their well-being strategy and design, communications and organizational engagement, and program implementation and evaluation.

Our recognition is based on the evaluation of our well-being program.

- You're one of 92 companies across the nation being recognized for creating a healthier workplace.
- Leading the Way Platinum winners 13
- Your final score was 140 out of 150 total points.
- **Your successful achievements**
- Established well-being program that has been in place for over 7 years
- Sent well-being interest survey to employee population
- Provided a well-being budget with incentive rewards in place
- Created well-being communication plan with varied methods
- Established relationship and support from vendors and Aetna
- Offered worksite policies to support well-being

2022 Highlights
