| GRAND TOTAL | | | | | | | \$63,000.00 | |

SCOPE OF PLAN

The plan covers **both Parts (materials) and Labor (workmanship)** under which the **cost of travel expenses** (i.e. airfare, lodging, meals, and ground transportation) **are included**. The plan specifically **excludes replacement** of any lead curtains, AOCB buttons and AOCB membrane, and other consumables. All reasonable attempts will be made to **reach the customer site within 72 hours**. In addition, coverage extends to an **Annual Preventative Maintenance and Radiation Survey**. Annual Preventive Maintenance and Radiation Survey: "Preventive Maintenance" consists of performing fundamental planned maintenance activity, with the goal of improving equipment life by preventing excess depreciation and impairment. At the time of scheduling Preventive Maintenance, **the Customer may request Operator Refresher Training and Daily Inspection Procedures training**. The **frequency** of the Preventive Maintenance, Radiation Survey and Training visits **shall occur annually**. There is **no limitation to the number of claims per year, excluding repairs needed due to misuse or abuse**. Technical Telephone Support: "Telephone Support" consists of responding to telephone and e-mail inquiries received by the Astrophysics Service Department regarding equipment errors. **During regular business hours, the Astrophysics Service Department will respond to the Customer within two (2) hours from initial contact**. Additional support is available after-hours and weekends through the Astrophysics Service Hotline. Astrophysics Service Department - (909) 527-6750 (Monday-Friday 7AM-5:30PM) Astrophysics Service Hotline - (909) 461-1111 (after-hours and weekends). *Complete terms and conditions available upon request. *The terms and conditions of the extended warranty are hereby incorporated by reference and made a part hereof.*
